## SCHEDULE 5 – SECOND TIER DEFAULT BENEFIT FOR OVERNIGHT AND DAY ONLY TREATMENT

### 1. Interpretation

- (1) In this Schedule:

*facility* means a private hospital or private day hospital facility specified in clause 3;

*HPPA* means hospital-purchaser provider agreement; and

*RHBO* means registered health benefits organization; and

*similar arrangement* includes all agreements, except HPPAs, that have the effect of enabling payments to be made to a facility according to provisions (including pricing provisions) stated under these agreements.

- (2) In this Schedule, except in subclause 1(4), the Australian Capital Territory is taken to be part of the State of New South Wales and the Northern Territory is taken to be part of the State of South Australia.

- (3) In this Schedule, private hospitals are comparable if they fall within the same class from the following list:

- (a) private hospitals which provide psychiatric care for at least 50% of the episodes of hospital treatment;
- (b) private hospitals which provide rehabilitation care for at least 50% of the episodes of hospital treatment;
- (c) private hospitals which do not fall into categories (a) or (b), with up to and including 50 licensed beds;
- (d) private hospitals which do not fall into categories (a) or (b) with more than 50 licensed beds and up to and including 100 licensed beds;
- (e) private hospitals which do not fall into categories (a) or (b), with more than 100 licensed beds, without an accident and emergency unit or a specialised cardiac care unit;
- (f) private hospitals which do not fall into categories (a) or (b), with more than 100 licensed beds, with either (or both) an accident and emergency unit or a specialised cardiac care unit.

Note: Some expressions used in this Schedule are defined in subsection 4(1) of the *National Health Act 1953* (“Act”) or subsection 3(1) of the *Health Insurance Act 1973* including:

- day hospital facility;
- hospital-purchaser provider agreement;
- private hospital; and
- registered health benefits organization.

- (4) In subclause 1(3), a reference to ‘licensed beds’ is a reference to the beds or patients that a private hospital is permitted, under State or Territory legislation in the State or Territory where the private hospital is located.

## **2. Minimum Level of Benefit**

- (1) The minimum level of benefit payable by a RHBO in respect of an episode of hospital treatment (excluding in situations of emergency) in a facility that does not have a HPPA (or a similar arrangement) with the RHBO, is that set by this clause 2, being the second tier default benefit, and not the minimum level of benefit set by Schedules 1, 2, 3, or 7 of the Determination made under paragraph (1) (bj) of Schedule 1 of the Act.

Note 1: Schedule 1 sets the minimum level of benefit payable for overnight shared ward accommodation in private hospitals in all States and Territories and overnight shared ward accommodation in recognised hospitals in Victoria and Tasmania.

Schedule 2 sets the minimum level of benefit payable for overnight shared ward accommodation in recognised hospitals in the Australian Capital Territory, New South Wales, Northern Territory, Queensland, South Australia and Western Australia.

Schedule 3 sets the minimum level of benefit payable for same day accommodation in hospitals and day hospital facilities in all States and Territories.

Schedule 7 sets the minimum level of benefit payable for outreach services provided by, or on behalf of, specified hospitals and day hospital facilities.

Note 2: In situations of emergency paragraph (1)(bi) of Schedule 1 of the Act applies.

- (2) This Schedule does not apply to episodes of hospital treatment referred to in Schedules 4 and 6 of the Determination made under paragraph (1)(bj) of Schedule 1 to the Act, and the Determination made under subsections 73AAG(6) and (7) of the Act.

Note: RHBOs must continue to pay benefits for:

- nursing-home type patients as prescribed in Schedule 4 of the Determination made under paragraph (1)(bj) of Schedule 1 of the Act;
- no gap prostheses and gap permitted prostheses determined under subsections 73AAG(6) and (7) of the Act; and
- care plans and case conferencing in accordance with Schedule 6 of the Determination made under paragraph (1) (bj) of Schedule 1 of the Act.

- (3)(a) Subject to subclauses (6), and (7), the minimum level of benefit payable by a RHBO in respect of an episode of hospital treatment between 1 September of a particular year (“the first year”) and 31 August of the next year will be no less than 85% of the average charge for the equivalent episode of hospital treatment under that RHBO’s HPPAs (or similar arrangements) that were in force on 1 August of the first year with:

- (i) all comparable private hospitals in the State in which the facility is located (if treatment was provided in a facility that was a private hospital); or

- (ii) all private day hospital facilities in the State in which the facility is located (if the treatment was provided in a facility that was a private day hospital facility).
- (b) The formula for calculating the “average charge for the equivalent episode of hospital treatment” by a RHBO in each State is as follows:

$$R_j = \frac{\sum_{i=1}^n R_{ji}}{n}$$

Where:  $j =$  *group of equivalent episodes of hospital treatment under the RHBO’s HPPAs (or similar arrangements)*

$i =$  *group of the RHBO’s HPPAs (or similar arrangements) in force on 1 August of the first year with comparable private hospitals, or with all private day hospital facilities, in the State*

$n =$  *the number of the RHBO’s HPPAs (or similar arrangements) in force on 1 August of the first year with comparable private hospitals, or with all private day hospital facilities, in the State*

$R_{ji} =$  *charge for episode of hospital treatment type  $j$  in contract  $i$*

$R_j =$  *average charge for episode of hospital treatment type  $j$*

- (4) In subclause (3), each “episode of hospital treatment” must be identified using the patient classification system and payment structure in the majority of the relevant RHBO’s HPPAs (or similar arrangements) in force on 1 August of the first year with:

- (a) all comparable private hospitals in the State in which the facility is located (if treatment was provided in a facility that was a private hospital); or
- (b) all private day hospital facilities in the State in which the facility is located (if the treatment was provided in a facility that was a private day hospital facility).

- (5) In subclause (3), for the purpose of calculating the “average charge for the equivalent episode of hospital treatment” in a State:

- (a) the charge will include the sum of the amount payable by the RHBO under that RHBO’s HPPAs (or similar arrangements) and any excess or co-payment amounts payable by members, in accordance with the RHBO’s rules.

Note: RHBO members’ financial obligations under such levels of cover will still apply.

- (b) charges referred to within the RHBO’s HPPAs (or similar arrangements) for no gap prostheses and gap permitted prostheses determined under subsections 73AAG(6) and (7) of the Act must not be included; and
  - (c) charges referred to within the RHBO’s HPPAs (or similar arrangements) for hospital treatment provided to patients who are classified as nursing-home type patients (NHTPs) must not be included.
- (6) Subject to subclause (7), if a RHBO has less than five HPPAs (or similar arrangements) in force on 1 August of the first year with a particular class of comparable private hospitals in a State, then all of that RHBO’s HPPA’s with all classes of private hospitals in that State are to be used to calculate the minimum benefit payable.
- (7) If the minimum level of benefit payable under subclauses (3) or (6) in respect of an episode of hospital treatment is below the level set in Schedules 1, 2, 3 or 7 of the Determination made under paragraph (1)(bj) of Schedule 1 of the Act, then the minimum level of benefit payable under this Schedule 5 is that set in Schedules 1, 2, 3 or 7 of the Determination made under paragraph (1)(bj) of Schedule 1 of the Act for that episode of hospital treatment.
